*Port of Miami, Terminal D, Dodge Island*

**Workshop to discuss strategies and opportunities for:**

- Upcoming County Projects
- Selection Process and Bid Awards
- Economic Stimulus Programs
- Standard Contracts
- Design/Build Approach
- Unsolicited Proposals
- Equitable Distribution Program
- Small Business Participation
- Green Initiatives and Sustainability

If you are an architect, engineer or a contractor, you know the severe impact the housing market and ongoing recession has had on the building industry nationwide. Miami-Dade County is committed to working with its partners in the building trades and professions to get work out on the street as quickly as possible. On behalf of Mayor Carlos Alvarez, Chairman Dennis C. Moss, the Board of County Commissioners, and County Manager George M. Burgess, you are cordially invited to a workshop to discuss new initiatives and how we can work better with you.

The Office of Capital Improvements, and the County's major capital departments, will provide an update on future projects and contracting opportunities. We also would like to hear from you on how we can assist you during this difficult economic environment.

**To attend, please RSVP at [www.miamidade.gov/oci](http://www.miamidade.gov/oci) prior to May 1.**

**Government Identification (driver's license or passport)  
required to enter seaport.**

**OFFICE OF CAPITAL IMPROVEMENTS**
